

Pyramid Poem

Write a poem in the shape of a pyramid! You have to keep all your words within the lines: this means your first line will only be one, small word (as the top of a pyramid is small) and your last line will be the longest. The poem is about what it was like inside the Great Temple (use your *senses*: how it felt, what you saw, what you smelt. Don't tell the story - *describe*).
