- The different characters and places in Goldilocks

### Synopsis:

- You are Baby Bear, getting ready for the day. You brush your teeth, get dressed and make your bed.
- You serve everyone porridge: Daddy's bowl is blue, Mummy's is yellow and yours is red.
- The porridge is too hot so you go into the living room to read while it cools down.
- You go back to the kitchen but the porridge is still too hot, so you go for a walk.
- As Goldilocks, you wander through the woods. You're really hungry.
- You spot a cottage, knock on the door but no one's in. You go inside and smell delicious porridge.
- The first bowl's too hot, the second too cold, but the final one's just right (and you eat it all).
- In the living room you try all three chairs – the red one is just right, but you break its leg.
- You go upstairs. The first bed is too hard, the second too soft, the third just right. You fall asleep.
- As Baby Bear, you come back home. Someone's been eating everyone's porridge... yours is all gone!
- Then you find someone's been sitting in everyone's chair – and yours is broken.
- Upstairs, someone's been sleeping in the beds. And they're still in your bed. She has long golden hair.
- Daddy Bear wakes her up, and scares her away.
- Mummy Bear re-makes the porridge and Daddy Bear says he'll help you fix your chair.
