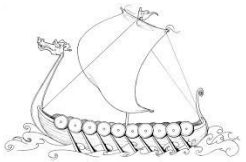
All Aboard The Hengist!

Write a story as a young Viking explorer, setting out on your first journey aboard the Hengist Longship. You are in search of new lands to farm. Don't just describe events - describe feelings as well.



- What is it like on the journey? How are you feeling? What jobs do you have to do?
- What happens when you arrive in England? Do you have to fight any difficult battles?
- How does your adventure end? Do you start a new life in England or sail back to Norway?
