

Storyboard

You are about to see six images . Arrange them into the correct order according to the story you just experienced.

JJ Harrison

A dam

Rain

This actually happens twice

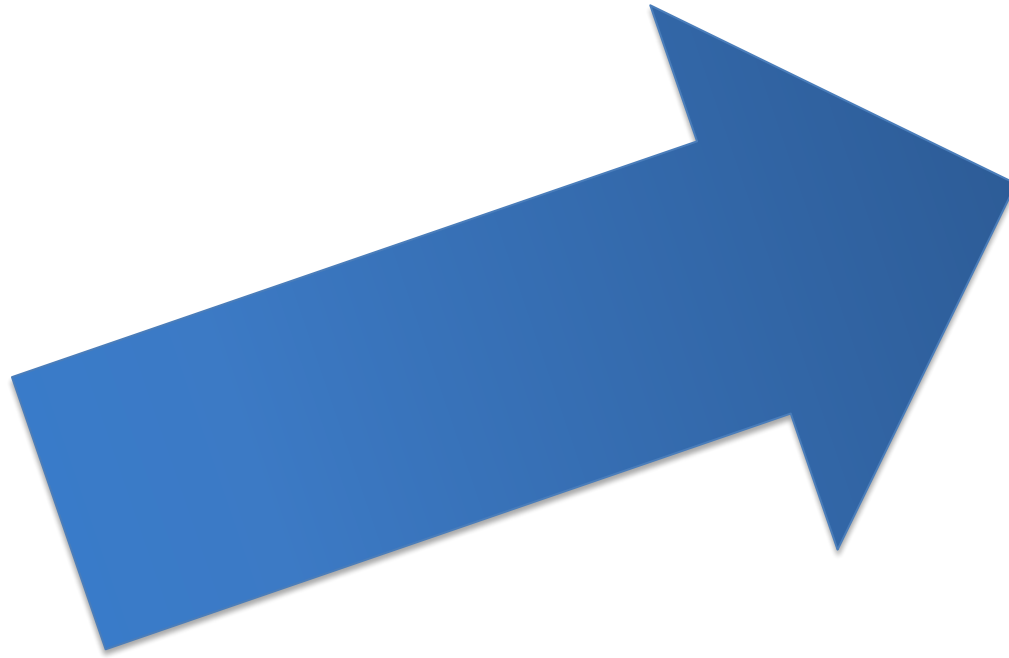

Ragessos

Evaporation
(this also happens twice)

Fiontain

Drought

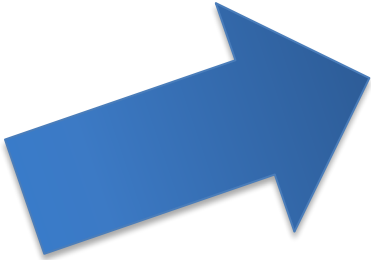

An arrow in the sky

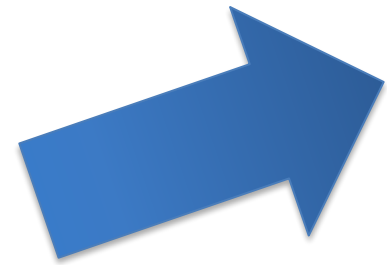

A cloud

Here they are again... can you order them?

Did you guess the right order?

You could have put "evaporation" after the dam, and you could have put "rain" at the end. We repeat things because it's the water cycle!
