

# TEACHER NOTES

## The competition

**now>press>play** have set a Transition Mission for Y6 pupils who are getting ready to move into Y7 at secondary school.

Pupils should submit an entry that can be a short story, diary account or script. It should address some of their worries/concerns about moving to secondary school.

If you have strong links with your local secondary school you could contact them and tell them about the competition. Would Y7 pupils be willing to do a Q&A video call with your Y6 pupils about their first day at school?
